

TWO MEMBERS OF SERENADING PARTY NEAR FARGO ARE SHOT; BOTH MAY DIE

Alta Richardson and Bernard Richards Seriously Wounded as Crowd of Fifty Approaches Home of Newly Married Couple—Mystery Surrounds Affair—Man Put Under Bond.

Tragedy stalked in the wake of a serenading party in which 50 young people from Fargo took part last night, when pistol shots from the dark seriously and perhaps fatally wounded Alta Richardson and Bernard Richards, two members of the crowd.

Emmett Ketchersid, a member of the crowd which went to the young couple's home, was arrested shortly after noon today by Sheriff Ish on a charge of negligent homicide. He was released on \$1,000 bond.

The shooting took place at the farm of Frank Ketchersid, two miles east and a half mile south of Fargo. The crowd, made up of young people from Fargo and vicinity, had gone to the home of Mr. and Mrs. William Riggins, who were married last Saturday. Twenty girls, including Miss Maude and Miss Mamie Richardson, sisters of Alta Richardson, were in the party.

The crowd was heating tin pans and making the din and racket usually accompany a party of this sort when the approach of the house.

According to statements made today by several who were in the crowd, eight or ten persons had reached the house while the rest were approaching in a line of march, two or three abreast. A shotgun had been brought along and it was fired several times in the air.

Then came shots from a heavy calibre revolver. Alta Richardson staggered and clutched at her breast, according to Drew Cartwright, a member of the party, and the latter caught him in his arms. Bernard Richardson fell to the ground.

At first the crowd did not sense the tragedy. There was little excitement even after it was found out that the boys were shot, according to Mr. Cartwright and others.

Claude Goins, Charlie Mason, and Mr. Cartwright started to Vernon with the wounded youths, after they had been carried to the cars, which were parked some distance away. In the meantime, Chief of Police Jim Key had been notified, and asked to secure physicians. Sheriff Ish also received word of the affair and left to make an investigation. Constable Rubie Bailey of Fargo had already arrived on the scene when Sheriff Ish came up, accompanied by Jim Cartright, a deputy.

The shooting took place about 9 p. m. The two wounded youths were brought here shortly before midnight, and taken to the Moore Sanatorium, where Dr. M. J. and Dr. W. R. Moore performed operations.

Mr. Richardson was shot through the lungs and spleen, the bullet entering his side, while Mr. Richards was shot through the liver, lungs and abdomen, according to Dr. M. J. Moore. Little hope is held for the recovery of either. One bullet struck each one.

County officials who have made an investigation of the shooting expressed the belief this morning that the shooting was done by a member of the serenading party. The gun which it is alleged was used is in the possession of officers. Mr. Bailey, the constable, and others declared that they are convinced the shooting was purely accidental. They advanced the theory that only one shot was fired and that the bullet passed through the body of Mr. Richardson and entered the body of Mr. Richards. A bullet, apparently from a 44 calibre revolver, was removed from the back of Mr. Richards, Dr. Moore stated today. It was turned over to county officials.

Several eye-witnesses to the tragedy, while expressing the belief that the firing was done by a member of the serenading crowd, were emphatic in their declaration that three shots were fired.

All witnesses to the affair have been requested by county officials to be in Vernon today, for an investigation into the circumstances surrounding the shooting.

Alta Richardson is about 20 years old. He is the son of Mr. and Mrs. J. P. Richardson, and has been residing with his parents at their home between Fargo and Doans. He is well known in Vernon, where he was engaged in the dairy business last fall and winter. His brother, Jewell, 17, died following the shooting.

Marriage licenses were issued last week to Bill Riggins and Miss Vado Cato; T. A. Brown and Miss Knoxie Burns; Walter Wilhite and Miss Mary Lawrence.

Coffee Plant Wins Blue Ribbon at Fair; Crowds Green Pig from Stage

The coffee plant won first prize over the green pig this year at the fair and received the blue ribbon. The pig took second, having dropped down one notch in the scale from last year, when it easily outdistanced all competitors.

This is the first time the coffee plant has ever been shown at this fair and several who saw it declared they had always wanted to see a coffee plant and almost wept with joy when allowed to gaze on the pretty specimen with its green leaves and yellow blossoms.

The collection of cockle burrs also was awarded a blue ribbon, though the county commissioner from the north side was heard to remark that much finer ones grew on his farm and that he would have been ashamed to exhibit the ones on display at the fair. He expects to make a great showing next year in this department, so he informed a newspaper reporter.

COUNTY WILL SEEK BIDS FOR PAVING

WORK ON FOUR MILES OF SURFACED ROAD TO START IN OCTOBER

Approval of plans for paving work, extending two miles from Wilbarger street west and north toward the upper Peace river bridge and two miles east from the end of the paved strip east of the city, has been received by County Engineer John Nabors in a telegram from state highway engineer's office. Advertisements for bids will be started Friday and bids opened October 14, according to county officials.

The four miles of paving will extend the surfaced area of the Colorado to Gulf highway, giving the county seven miles of paving on this highway. When the project is completed the county will have about nine miles of paving, not including the city streets.

The proposed extensions have been held up for some time pending approval of the plans by state and Federal authorities.

The proposed road will be 18 feet wide and will possibly be constructed of reinforced concrete, it is stated. This four miles of road for which contracts will be let does not finish the road program. Only this much is available now for paving is explained on account of the continued dry weather which makes it impossible to grade other parts of the roads. When the paving is completed Wilbarger county can boast 16 miles of hard surfaced highways.

Lutz Goes to Chillicothe Bank

John Lutz, formerly with the Waggoner National bank, has gone to Chillicothe, where he accepted a position as assistant cashier in the bank of Chillicothe. Mrs. Lutz has joined her husband there. Mr. Lutz engaged in farming this summer with his father, J. E. Lutz, prior to his moving to Chillicothe.

Returns to Business College

Louise Bildstein went to Dallas last night where he will attend the Metropolitan Business college. Mr. Bildstein was a student last year in this college.

Marriage licenses were issued last week to Bill Riggins and Miss Vado Cato; T. A. Brown and Miss Knoxie Burns; Walter Wilhite and Miss Mary Lawrence.

GIRLS WIN HONORS IN LIVESTOCK WORK

MISS DOBBINS AND MISS HALL AWARDED FREE TRIP TO DALLAS FAIR

That girls have entered the domain of men in the livestock industry as well as in other fields is evidenced by the fact that feminine contestants won two of the five free trips to the Dallas fair, offered to members of the pig clubs and baby beef clubs of the county.

Miss Lorell Dobbins of Oklahoma took first money on senior pig and Miss Laurence Hall of East Vernon was the prize winner in the baby beef club. These two girls will accompany the winners in the girls' clubs, who took first prizes in the first, second, third and fourth years work.

Thomas Chapman of Vernon won first on junior pig; Furman Priddy of Odell, first on corn and Raburn Cummins of Tolbert who took first on maize are the others entitled to free trips.

Miss Goodfellow also announces that she is entitled to take ten girls and that six more may qualify and go with her if they desire. These six however will be required to pay their own fare, but will receive free board and lodging while there, she says.

Expenses of one trip each were donated by the Herring National Bank, the Waggoner National Bank, the Farmers State Bank, the Wilbarger county purebred live stock association and the Wilbarger County Fair Association.

The pig clubs and baby beef clubs were organized by P. D. Chaney, county agricultural agent.

Noted Rebekah Here

Judge and Mrs. W. W. Carson of San Angelo were here on business this week. Mrs. Carson is a past president of the Rebekah assembly of Texas and a prominent worker for Rebekah-Oddfellowship. She has been a member of the advisory board at the Odd Fellows Widows and Orphans Home at Corsicana for the past eleven years and assisted in preparing the new constitution and by laws recently printed by the Assembly. She is head of the San Angelo business college at San Angelo and is an educator of note in Texas. Judge Carson is county judge of Irion county, and is a prominent ranchman of that section of West Texas.

Leave for Abilene

Mr. and Mrs. John Harrington and son, Oscar, who have been here on a visit with her sister, Mrs. H. A. Hood and other relatives, left Sunday for Abilene where they will attend the county fair.

Mr. Harrington had two horses entered for the races here and has shipped these horses to Abilene and will race them there. Mr. and Mrs. Harrington were former residents of this county thirty years ago.

BOYS' CLUBS ENTER FINE FARM DISPLAY

EXHIBITS RANK WITH BEST OF AGRICULTURAL PRODUCTS AT FAIR.

Members of the Wilbarger county boys' agricultural club will make their elders look to their laurels in a few years' time, if exhibits at the county fair can be taken as a guide. The club boys' display in the agricultural booth ranked with the best of the community entries. The work of the clubs is directed by P. D. Chaney, county agricultural agent.

The following prizes were awarded: Corn: first prize, \$3, Furman Priddy of Odell; second prize, \$2, Carl Cummins, Tolbert; third prize, \$1, Newman Hughes, Tolbert.

Maize: first prize, \$5, Raburn Cummins, Tolbert; second prize, \$3, Furman Priddy, Odell.

Cotton: first prize, \$3, Derwin Hurt, Vernon; second prize, \$2, Calvin Littleton, Vernon; third prize, \$1, Oran Capeheart, Vernon.

Kaffir: first prize, \$5, Furman Priddy, Odell.

Feterita: first prize, \$5, Frank Cummins, Tolbert.

BRITISH GENERAL SEES MOSLEM UPRISING

Gen. Sir Charles Townshend

General Sir Charles Townshend, hero of the Siege of Kut et Amara, in Mesopotamia, has just declared in Paris that the Allies must surrender. Constantinople or precipitate a Holy War of all Moslems, in India as well, that will menace the existence of the British Empire.

WILBARGER COUNTY PRODUCTS ENTERED AT TWO BIG FAIRS

Field Crops, Live-Stock, Fruits And Canned Vegetables to Be Shown at Wichita and Dallas.

The Wilbarger county fair exhibit for the Texas-Oklahoma fair, September 3 to October 4, will be started for Wichita Falls Thursday morning by truck. This exhibit is under the joint auspices of the Chamber of Commerce, the county agents and the president of the Wilbarger county fair. It was thought at one time that on account of the drought Wilbarger county would make a poor display at the fair in Wichita Falls. However, the display made by the farm products at the exhibition here was so satisfactory that all concerned that J. V. Townsend, chamber of commerce secretary, P. D. Chaney, county agent, Miss Eula Goodfellow, home demonstration agent, and Lon Byars, president of the fair.

The exhibit will closely resemble the community booths at the recent fair, with the exception that no textiles will be shown. The articles will consist of field crops, cash crops, raw garden truck, both fruits and vegetables, a variety of dried and canned vegetables and fruits, and live stock products, including eggs, butter, cheese and lard.

After this fair closes a special train will be made up at Wichita Falls Thursday of next week and will go through to the state fair grounds in one night. Special permission has been received from the state fair authorities to enter the exhibits even though they are late.

It is necessary for Miss Goodfellow to prepare two exhibits pertaining to the girls' club work in this county, because one shipment must be there by October 3 for the girls competing for the state prizes and scholarships. This shipment went forward yesterday.

GINS HANDLE MORE THAN 6,000 BALES

MOVEMENT OF COTTON DURING WEEK EXCEEDS EXPECTATIONS

Wilbarger county has ginned 6,282 bales of cotton this season, according to a report compiled by the Record this afternoon. Of this amount, Vernon gins have turned out 3,379 bales and gins at other places 2,907.

Figures for the Vernon gins follow: Peoples 847, Farmers and Merchants, 271, Farmers, 658, Planters 823, Vernon, 770.

Gins at other towns reported the following output: Harrold, 395; Odell, 1,085 from two gins; Fargo, 546; Lockett, 625; Oklahoma, 300; Tolbert, 152.

Movement of cotton to the gins has been faster during the last week than was anticipated. The picking shortage is not so acute as it was, but pickers still are badly needed in a number of localities, according to gin men.

BETTER BUILDINGS NEEDED FOR FAIR OFFICIALS STATE

Lon Byars, R. H. Coffee and Mayor Harry Mason Praise Exposition; Fine Order Maintained.

Officers of the Wilbarger County Fair association and citizens of Vernon are enthusiastic over the showing made at the tenth annual fair and live stock show last week.

"Taking into account the dry weather which has prevailed over this section of Texas, I think the fair was a wonderful success," declared Lon Byars, president of the association. "The entries in the community and individual farm products booths were better and more extensive than ever before, and the livestock exhibit reflected the wonderful growth which the industry has made the last year. It is a significant fact that a number of the prize winners at this year's stock show are new men in the blooded livestock business."

"The one great need of the fair is better facilities. If room had been available, we would have had two or three times as many entries."

"I am convinced that we will go ahead and provide a first class exhibition building before next year, and turn our present exhibition building over to the livestock department, we will get increased support enough to justify the expense of the undertaking."

"The importance of the fair to Wilbarger county is more fully realized each year. I heard many people say this week that many of the exhibits would do credit to a district or even a state fair, and I heartily believe this to be true."

R. H. Coffee, manager of the fair, expressed gratification at the success of the enterprise. "We need a new exhibition building for next year," he declared. "If a way can be found to finance such a building, I feel certain that it would soon pay for itself in increased patronage. The fact that we had such a fine fair this year, with many difficulties in the way, is proof that in normal times we could attract visitors and exhibitors from a large part of Northwest Texas."

Mayor Harry Mason declared Sunday night that in many respects the fair was the best ever held here. "I believe that a little closer cooperation and support from the townspeople would be a great aid, however," he stated. "Some of the business men here do not seem to realize the importance of the project to Wilbarger county, and they should be awakened to the need of the most generous support possible."

Frank Edmondson, democratic nominee for sheriff, who was deputized by Sheriff Ish to keep order at the fair grounds, stated Sunday that the fair passed off with no disturbance worthy of note. "Everyone seemed to take a real interest," he said, "and I heard many expressions of praise at the fine showing made. I never saw a more orderly crowd."

JOHN DEERE LISTER GIVEN TO FARMER

VERNON FIRM CONFIDENT NEW MODEL WILL ENJOY WIDE SALES.

James A. Webb, Wilbarger county farmer, will start the fall season with a brand new John Deere Lister, given away Saturday afternoon by the Southwestern Implement company.

The John Deere Lister formerly was one of the most popular sellers in its class, but about four years ago the company equipped its Lister with a mould-board which proved ill adapted to Southwestern land. Farmers were quick to find this out and sales of the implement fell off sharply.

Now the company has a new model machine on the market, which, according to the Southwestern Implement company, is ideally suited to West Texas land. It is made especially to meet conditions in this part of the country. Sales of the new model have been brisk and the local dealers declare their confidence that it will more than regain the place held by the earlier model.

THREE LOCKETT GIRLS WIN FREE TRIP TO STATE FAIR AT DALLAS

Fourth Winner of Prizes Offered by Vernon Bankers Is From Harrold—Booth of Wilbarger County Girls at Fair Crowded—Many Admire Fine Sewing and Tempting Canned Fruits.

Fair Officials Extend Thanks to the Citizens For Generous Support

The fair officials wish to thank the people of Vernon and Wilbarger county for the splendid support and cooperation given them in the fair which closed Saturday. They especially want to thank those who brought live-stock and articles to be exhibited in the various departments and for the courtesy the merchants of Vernon extended by closing their places of business both days they were asked to do so by the fair officials.

LON BYARS, President,
Wilbarger Fair Association.

GIRL TELLS HISTORY OF BLUE RIBBON PIG

MISS LORELL DOBBINS GIVES SECRETS OF HER SUCCESS IN SWINE RAISING

Miss Lorell Dobbins of Oklahoma, winner of first ribbon on senior pig in open competition and also winner of first prize and grand championship in the pig club contest, is not only a promising swine raiser, but she is something of a writer as well.

In simple, direct language she tells the history of her prize winning pig. In addition to other prizes she won a free trip to the Dallas fair.

One of the requirements of the pig club is that an accurate record of their swine be kept by members.

Miss Dobbins' record is as follows: "I bought my pig from Bouland and Sharp, November 4, 1921. I paid \$25 for her at the age of two months. When I bought her she weighed 40 one pounds. The ration that I fed my pig on was: 5 parts corn chops, 4 parts shorts, 1 part tankage, 1-10 part bone meal.

"The first month I fed her just shorts and corn chops and at the end of the first month she weighed 78 pounds. The next month I fed her shorts, corn chops and tankage. At the end of the second month she weighed 133 pounds. The next month I fed her shorts, corn chops, tankage and bone meal. At the end of the third month she weighed 200 pounds.

"I continued to feed her the same ration the rest of the time and in ten and one half months she gained 389 pounds, only through March and April I fed her maize chops instead of corn chops. Through June and July she was on a sudan pasture.

"I fed her three times a day from the time I bought her until now. She has also had plenty of water to drink and has not lacked for attention. She has had a good shelter to stay under all of the time. I have kept her brushed all the year to keep her hair smooth. She has also had plenty of range all of the year.

"I also kept her sprayed with Kresol Dip to keep the lice off of her. I have kept a careful record of her from the time I started until now. I expect to keep her for breeding purposes."

THREE FIRMS REPRESENTED AT MODEL KITCHEN DISPLAY

One of the popular gathering places of the fair for women visitors was at the model kitchen, in the exhibition building. Here was shown an oil range of approved design, a hot water heater, using oil for fuel, a pressure cooker, a kitchen cabinet, an attractively designed kitchen sink, and modern plumbing fixtures, and many other articles treasured by the housewife.

The display was furnished by three Vernon firms—the Reufro Hardware company, the Hawkins-Williams Furniture company and the Hampton Metal company. All of the fixtures and utensils were from stock of the three stores.

Guardman Returns Home

Sergeant J. C. Gilliland, son of Mr. and Mrs. J. A. Gilliland of Vernon, has returned from Denison, where he has been doing guard duty as a member of Company E, 142 Infantry.

Lockett girls won three of the four free trips to the Dallas fair offered by Vernon banks for best club work during the year, it was announced Saturday. A Harrold girl won the fourth trip. Misses Lorena Wenzel, Norah Belle Lockett and Cleo Anderson of Lockett and Miss Cash Burgess of Harrold were the fortunate ones.

As usual, the booth of the club girls of Wilbarger county was one of the most interesting places on the grounds. Crowds thronged the booth and gazed at the tempting canned fruits and vegetables and admired the fine sewing.

Ice-cold buttermilk, fresh from the churn, was sold by the girls one afternoon during the fair, to help defray expenses of the exhibit. At least one girl was present at all times to explain the work done by the girls' clubs, under the direction of Miss Eula Goodfellow, county home demonstration agent.

The following won prizes:

MINISTER SPEAKS ON "FIVE KINGDOMS"

CONSCIENCE NOT ALWAYS SAFE
GUIDE REV. COPP SAYS;
NEEDS EDUCATION.

Rev. Lewis P. Copp, minister of the Central Christian church, Sunday night preached an inspiring sermon taking as his text the third chapter and fifth verse of John.

The theme of Rev. Copp's address was "Five Kingdoms." He used a chart to illustrate his sermon. He asked members of the congregation to form the habit of taking notes at church so that they might get more good from the things which were said. In this connection he quoted a lecturer for the United States Department of Agriculture, whose observations over a long period of public speaking led him to form the belief that not more than three to seven per cent of a public address is assimilated and put into practical use by the auditors.

A child born into the world, Rev. Copp declared, enters the kingdom of nature. It is as pure and free from sin as the angels of Heaven, he asserted, and there is no condemnation resting over it, neither is any religious ceremony necessary for it to be saved. Rev. Copp quoted a text from Jeremiah to the effect that every man shall die for his own sins. The transgression of Adam resulted only in physical death being brought into the world, and not in the curse of sin being fastened upon the child before it reached the age of accountability, he said.

As soon as this age is reached, the child enters the kingdom of sin, Rev. Copp continued. This may be at the age of seven years or possibly not until the age of 15 or 16 years. Under the old Hebrew law a child was held responsible for his personal conduct at about 12 years of age, he pointed out.

Under the New Testament dispensation he is accountable as soon as he commits sin. Rev. Copp defined sin as transgression or disobedience. "He than knoweth to do good and doeth it not, to him it is sin," the minister said. Unless the sinner accepts God's plan of salvation the only egress from the kingdom of sin is into the kingdom of Hell.

Rev. Copp stated that before long he expects to preach a sermon on the Bible's teachings with regard to Hell. Christ introduced the idea of Hell as a punishment for sin, it was declared.

Speaking of conscience as a guide to human conduct, Rev. Copp declared that unless we continually educate conscience, it is not a safe counselor.

To escape from the kingdom of sin a man must believe on Christ, not merely in the abstract but with saving faith, confidence and surrender, Rev. Copp said. Repentance is necessary to salvation, he declared, but salvation does not of necessity imply any marvellous spiritual exaltation or experience. Repentance he defined as a change of will, mind and purpose, and a surrender to God.

A public confession of faith should follow this surrender, the minister stated, and after this, the beautiful ordinance of baptism. Rev. Copp spoke at length on the symbolism and grandeur of the baptismal ceremony.

It is possible for a person, after having entered the kingdom of God on earth to drift down to Hell, it was declared. "Those who do not grow

and develop spiritually are lost." From the kingdom of heaven on earth, the devout soul enters the kingdom of Heaven, Rev. Copp continued. He closed his address with a description of the faith which robs death of its terror.

IN SOCIETY

LITTLE MISS MURCHISON TO PLAY AT FAIR

Little Miss Frances Murchison, daughter of Mr. and Mrs. Frank Murchison, has been invited to appear on the program Saturday at the Texas Oklahoma fair at 3 o'clock. The little Miss is a talented pianist and for one so young displays a wonderful knowledge of music. SCHOOL PUPILS OFFERED FREE TICKETS TO WICHITA FAIR

Three thousand free tickets to the Texas-Oklahoma fair have been received by County Superintendent L. A. Hollar, for distribution to school children of Wilbarger county, it was announced today. Trustees of schools may receive supplies of tickets for their schools by calling at Mr. Hollar's office. The tickets entitle the holder to admission next Saturday only.

A large number of Wilbarger county people are expected to attend the fair, which is the first bi-state exhibition ever held in this part of Texas. It is hoped that many school pupils will take advantage of the free tickets to attend. Many things of educational value will be shown.

HOME-MADE RADIO PICKS UP STATIONS OVER WIDE AREA

Listening to a Los Angeles telephone patron talk to a friend in the Catalina Islands over a telephone, radio and telephone again, was the experience of visitors at the home of J. A. Baird Sunday night. The conversation was heard over a home-made receiving outfit constructed by R. L. Waide of Walters, Okla. Three stages of amplification were used.

Mr. Waide and his wife, Mr. Baird's sister, Miss Lulu Baird of Prescott, Ariz., and three guests of Miss Louis Baird, a teacher of Odell, were present. The Odell visitors were Miss Grace Price, Miss Madge Hupps and Miss Lamoine Switzer. They spent Saturday and Sunday at the Baird home.

Mr. Waide set up his receiving outfit in 30 minutes time, using an antenna tied to the roof of the Baird home and to a near by cottonwood tree. Saturday and Sunday concerts and sermons were heard from Oklahoma City, Fort Worth, Atlanta, Ga., Anthony, Kans., Philadelphia, Los Angeles, and other places. Sunday afternoon the baseball game between Fort Worth and Mobile, sent out by the Fort Worth Star-Telegram, was received clearly, inning by inning and play by play.

BROWN SCHOOL WILL HOLD ALL DAY SINGING OCTOBER 1

An all day singing and basket picnic will be held with the Sunday school at Brown school house Sunday, October 1, is announced by W. C. Wiestlett as chairman of general arrangements. They particularly desire to have all the Sacred Harp singers to meet with them on this date. Everybody is invited to attend this all day singing. The committee asks that all who come bring well filled baskets for the big picnic dinner that will be spread there that day.

NOW IS THE TIME

Get out that suit or overcoat and get them in shape for cold weather. Possibly the trousers need mending or a new pocket or the coat re-lined.

We can do the work with accuracy and satisfactorily.

Modes of the Moment in New Fall Apparel

Feature Values That
Are Noteworthy

Now chilly days herald the approach of Winter. Are you prepared with new warm Apparel? The most varied selection of seasonable new Apparel is here at the Store. It emphasizes quality, exceptional value and decided style attraction. Prices are unusually low for garments of such signal worth

SUITS

A Versatile Selection
Assures Becomingness

Never before have we had so many attractive Suits in such varied styles as we have this season. They absolutely assure becomingness. Sports and street modes in mannish mixtures, herringbones and fine twills accentuate a wide style range and splendid tailoring.

\$19.75 to \$34.75

Graceful Suits for dress wear combine beautiful pile fabrics with luxurious furs in Genoese, black, Sorrento and new brown and gray shades. These Suits, too, stress variety.

\$39.75 to \$59.75

FROCKS

Never Have They Been
So Attractively "Different"

Frocks! Really they are highlights in the Ready-to-Wear Section. You will notice styles that are far removed from the commonplace and so graceful you will instantly know they include several that will prove more becoming than any you've ever worn. Each one is an exceptionally good value.

\$10.00 to \$69.75

Russian styles are especially attractive in supple Canton Satin, or "blistered" silks. The low-bloused bodice and draped skirt that fastens at the side and effective Russian embroidery are all characteristically Russian.

Braid, in many chic ways helps make many cloth Frocks the success they are. While the low bloused styles are well represented, braid smartly trims some in basque styles with semi-circular skirts.

Since Paris has vied head trimmings, many fashionable Frocks are beaded. The cabochon motif achieved via the head route is seen on many. Crystal or steel beads—yes, even aluminum beads—are popular members of this popular trimming family.

GRACEFUL WRAPS

Have Quality and Distinction

INTERPRETING the best of Fall Wrap styles yet adhering to a very modest price range considering the high quality of the garments, Wraps here present one of the finest selections we have ever had. Fabrics of definite quality and beauty are linked with charming new colors and luxurious furs.

Topcoats

With Swagger Lines That Flare

Of dominant style are Topcoats of English blanket cloth, camels hair of swagger mixtures. Many models are without belts with the new flared back. Raccoon or fox fur collars some smart Coats of high grade camels hair.

\$10.00 to \$24.75

Fur Trims

Beautiful Wraps of Pile Fabrics

The low-bloused Russian style with large, graceful sleeves, side closing and fur luxuriously used for collars, cuffs or decorative bandings is a distinct wrap favorite. It is only one of the new stylish Wraps here.

\$19.75 to \$59.75

Novelty Suits whose coats are of contrast fabrics—mantelette is one that is ultra chic—are a recent suit whimsy. These Jaquettes are gracefully trimmed in fur. We especially urge you to see novelty Suits here.

EDITORIAL

—HOME LOYALTY—

BOOSTING A TOWN IS BIG BUSINESS WE CAN ALL ENGAGE IN. And what makes it a particularly happy pastime is due to the fact you are identified with a bunch of "Good Fellows" when you work with the Boosters of a community.

Before going further we want you folks to stop and read the list of Vernon Business Men and Women whose names are appended herewith. You will be impressed with the fact that these people are **REAL BOOSTERS OF VERNON** in every sense of the word. And there are many more just like them, both in the business and citizen life of this city.

You will also agree with us, friends, that these Business Firms, and in fact all the business people of Vernon are not only good Boosters but dependable servants of our purchasing public who are anxious and ready to serve you with merchandise and service at prices and involving quality they can afford to stand back of. **THAT WILL MAKE THEM REALLY WORTHY OF YOUR PATRONAGE AS NEIGHBOR WITH NEIGHBOR.**

But back to Boosting. The thought occurs to us that **YOU CAN'T SAW WOOD WITH A HAMMER.** The particular "hammer" we are referring to is the one used when a person spends money away from his own community for purchases **THAT CAN BE MADE AS SATISFACTORILY AT HOME.** It is the same hammer that has beaten into insensibility the towering hopes of many hustling American towns that would have otherwise made cities worthy the name.

In other words, however small the habit of some Vernon citizens may be in spending their money away from our city. **TO JUST THAT EXTENT ARE THEY OBSTRUCTING THE PATH** to the big, wonderful goal we have elected for ourselves.

It is not the intention of the Vernon Business Men to dictate to you good people in this matter. They are more than appreciative of your fine patronage of the past and their anticipation of the future is only inspired by their eager desire to make possible a Great Forward Movement for Vernon and Vernon property owners and citizens.

AND THE FOUNDATION FOR THIS RESULT MUST BE A FINANCIAL FOUNDATION that calls for keeping every cent of these resources within ourselves to be re-invested and re-spent to the advantage and profit of we Vernon folks.

This kind of **HOME LOYALTY** means good times for Vernon; **EMPLOYMENT** for those who need it and **PROSPERITY** for all.

GREAT WESTERN HEATWELL

THE HEATWELL is a double-tube hot-draft stove of exceptional heating properties. It gets most out of the coal—produces heat in greater volume than its size and fuel consumption would indicate.

In the HEATWELL, there are two hot-draft tubes—one on each side—to admit the air. There is no obstruction at all to the coal put in through the feed-opening. When the fire has been started, and the tubes are opened, there is tremendous combustion at the top of the fire-pot, which is large, while the grate-surface is comparatively small.

EFFICIENT TYPES OF LIVESTOCK

From the interest taken in the
Blooded livestock industry, the large
number of recruits yearly joining the
ranks of expert breeders, and the re-
markably fine showing made at the
Wilbarger county fair and at exhi-
bitions in neighboring counties, it is
evident that this section of the state
is destined soon to become one of the
largest centers of fine cattle, hogs, and
poultry in the Southwest.

In the swine industry, breeders
have turned to the big-boned Poland
China type as the one ideally suited
to this section. Some of the results
accomplished with big-boned Poland
China hogs excite wonder, even from
veteran livestock men.

Nor does it take years of study and
experience to produce results. Take,
for instance, the accomplishment of
Miss Lorell Dobbins, of Oklaunion.
Last November she bought a Poland
China sow pig, of the big-boned type,
from Bourland & Sharp, at a cost of
\$25. The pig weighed 42 pounds at
that time. Under her care it has
grown until at the Wilbarger county
fair, where it won grand champion-
ship and first ribbon in the senior sow
pig division. It weighed 425 pounds.
This represented a gain of a pound and
three-quarters a day from the time
Miss Dobbins purchased it last year.

The expense of feeding the pig dur-
ing the entire 10 months Miss Dobbins
has owned it has been \$43.50. Its val-
ue today is set at more than \$150.

Marvin Sharp, who with Andy Bour-
land has been one of the foremost
breeders of fine hogs in this section
of Texas, stated last week that a hog
is nothing more or less than a factory
to produce meat. In the old razor-
back type, he stated, this factory was
not efficient. It burned large quanti-
ties of fuel and failed to produce re-
sults. Its operating expense destroyed
its profit.

In hogs such as the big-boned Pol-
and China, the maximum of efficiency
has been obtained, in the shortest pos-
sible space of time. It is not uncom-
mon for Wilbarger county swine breed-
ers to put their product over the 225
pound mark at the age of six months—a
result which would have been consid-
ered impossible not many years ago.

Every swine breeder who sent ex-
hibits to the Wilbarger county fair
was enthusiastic over the future of
the industry here. The same thing is
true of breeders of registered poultry,
cattle and other livestock. The time
appears not far distant when a ma-
jority of the stock raisers in this coun-
ty will be handling high grade stock,
reaping the increased profits which
come from more efficient types of an-
imals.

CHILDREN AND PROGRESS

Opening of schools over the county
recalls to the busy man or woman the
fact that there are schools, and that
after all, education is one of the im-
portant things of the world.

In an increasingly complex civiliza-
tion, larger demands are made annu-
ally on the brain power of the child.
This year, youngsters at school will
bring to their tasks the education gained
during the vacation season, and
this education will aid and be aided
by the text books and the instructions
of teachers.

"Children are so smart nowadays,"
remarked a Vernon woman recently.
"Little fellows, three or four years old
surprise one by the things they have
learned."

This is true. Children of today

years know many things which adults
of a half a century ago did not know.
The child assimilates at least the
fundamentals of a thousand examples
of invention, of a hundred principals
of science, in the school of the out-of-
doors. By the time he is eight or ten
years old, the average boy has a good
idea of the workings of the automobile,
the telephone, the locomotive engine,
the typewriter, and the countless ar-
ticles and commodities and machinery
and our daily life. Space and time
have been reduced in his consciousness
to limits which it is difficult for the
aged to grasp. Sitting at his home-
made radio, in a night's time he may
listen to sermon, concert or news from
points thousands of miles apart. Chi-
cago is two seconds away. Montreal
may be reached by a twirl of the tuner.

Inventions which excite wonder
among the present generation will be
common-place to the next generation.
There will be nothing remarkable in
radio, nothing strange in an airplane
flight, nothing unusual in the many
things which we of today are strug-
gling to accustom ourselves to. The
child, thrown in contact with these
things from infancy, makes them a
part of his fund of knowledge as
readily as the frontier boy of a few
years ago learned the use of the rifle
and the lariat.

And in this readiness of assimila-
tion lies our hope of continued prog-
ress.

A. H. Murchison Injured

A. H. Murchison is recovering from
injuries sustained when he was run
over by a touring car Sunday after-
noon about five o'clock on the paved
road about a mile east of Vernon. Mr.
Murchison had alighted from his car
to pick some flowers growing by the

roadside and was faced toward Ver-
non when a Ford car came along at a
rapid rate and he was struck on the
right leg and bruised up considerably.
In falling his left foot was sprained
also. He was brought to town and is
able to be out again. The owner of
the Ford did not stop.

Mrs. Killough Entertains

Mrs. R. D. L. Killough entertained
with two delightful parties last week
at her home on South Main street.
Thursday afternoon guests were in-
vited to play bridge and 14 tables were
played. Friday afternoon those who
enjoyed forty-two came and 14 tables
of that game were played. The house
was beautifully decorated in cut flow-
ers and asters were given as favors.
The hostess, assisted by her house
party, served dainty two course lun-
cheons each day.

ANNEX TO DOUBLE CAPACITY
OF STANDIFER SANITARIUM

Dr. J. T. Standifer is having an an-
nex built to his sanitarium in the
east part of the city which, when com-
pleted, will double the capacity of the
building. The work is well under
way and it is thought the new part
will be ready for occupancy by De-
cember 1. The annex is 72 feet by
90 feet and is being constructed of
brick and tiling. It will be finished
in white, as is the main building.

CLINICS IN SCHOOLS PLANNED BY STATE

EXTENSIVE HEALTH CAMPAIGN
MAPPED OUT FOR FALL AND
WINTER TERMS.

Austin, Texas, Sept. 25.—Believing that every school child should be healthy and happy, the home economics extension division of the University of Texas has planned for this school session a series of nutrition clinics and classes to be conducted in the public schools of the state in correlation with the regular curriculum. Miss Edythe Hershey, lecturer in home economics, has outlined a program for one month's work, which she will administer in any community desiring it. Monthly programs for the continuation of the work will be provided for the school year.

"Approximately one-third of the Texas boys were found to be physically unfit for military service in 1917," said Miss Hershey, "and it is not difficult to believe when examination shows that one-third to one-half of our school children are under weight and suffering from malnutrition. The greatest menace to the health of children is malnutrition. The remedy is to be found in nutrition clinics. To prevent the evil, nutritional education should be put in the schools."

Many Agencies to Cooperate

The nutrition clinics and classes to be conducted by Miss Hershey in every community will be in cooperation with the school superintendents, public health nurses, grade teachers, doctors, school boards, representatives from the parent-teacher associations, county home demonstration agents, and other local interested agencies, as well as home economics teachers. The nutritional education will be correlated with other health work in the school, and it is thought will be a means of stimulating interest and furthering the work of the home economics department.

As a part of the program, a nutrition clinic will be conducted for the children who are seven per cent or more under weight. Through this clinic, the cause of underweight will be determined and every effort will be made to bring each child to normal weight, according to his height. Personal conferences will be held with the mothers of the children.

Nutrition classes will include four lessons on "Correct Food Habits and Health" to be given in the grades for the children. A series of four lectures with demonstrations will be given for mothers on "Food for the Child." A series of four lectures on "Teaching Food Habits and Health" will be given to teachers. Programs for the continuation of the work during the school year will be provided. The only cost to the community receiving these services will be the payment of the local expenses of the nutrition specialist for the month she is in the community.

FOUR FIRMS SHOW NEW MODEL CARS

Four Vernon firms exhibited automobiles and accessories at the county fair. The "auto show" was held in a tent near the carnival grounds.

J. A. McFall showed a new model Dodge Bros. touring car, and also had a display of Amalco oils and greases and United States tires.

Creaths and Creas had on exhibition two Napier touring cars, Series R. Robinson Motor company showed a Buick six touring car and a Buick sport roadster.

Napier Bros. Motor company had on display a Ford truck.

Descriptive literature was given away at the tent and representatives of the four companies were in attendance to explain the merits of their cars and products. The exhibits drew many visitors.

VERNON HIGH FOOTBALL TEAM TO PLAY CHILLICOTHE FRIDAY

Vernon Hi football team of 1922 will make its initial appearance Friday at 3:30 at the ball park when it lines up against Chillicothe for the first game of the season. The change in date was made at the request of Vernon merchants, who said it would be impossible to leave their places of business for the games on Saturday, during the busy season.

Tickets will be sold by a committee from the high school and students will be admitted at half price. The boys are practicing steadily for the final tryout, but the line-up has not been announced for Friday's game.

The following are trying for places on the team:

Ferguson, Rogers, Lisman, Teel, Cooper, Langley, Key, Thompson, Robinson, Bowman, Zachary, Crawford, Steinman, Streit, Reed, Key, R. Ferguson, L. Huddleston, Norwood, Robinson, Buchanan, Blake, Falls, Shive, Bollar, Williams, Abbott, Watts, Withers, Bourland, H. Walker, H. Smith, Walker, Justin.

WORLD'S FASTEST DOG SEEN AT FAIR

TWENTY ENTRIES IN KENNEL
SHOW; DEPARTMENT TO
BE ENLARGED

This year for the first time, pedigreed dogs formed a part of the live stock exhibits at the fair. Twenty dogs, all from Vernon, were entered at the show, and the kennels drew many visitors. Dr. J. G. Sherman, dentist and hunting enthusiast, was in charge.

"No entry fee was charged this year, and no prize money given," Sherman. The latter took first in the "But there is no doubt that the dog show met a popular response and we expect to have more entries next year than we had this year."

W. P. Durham was awarded first ribbon on a female pit bulldog, and also best of breed. He had no competition. First award on Alredale dog went to Leil Buchanan. W. M. Schindler took first on female in this class and best of breed. A. J. Paschall won the blue ribbon and best of breed on a female spitz, with no competition and also won first and best of breed on fox terriers. Mrs. Regina Green received blue ribbons and best of breed awards on collies with no competition. C. M. Oliver received like awards on Irish setters. Emory Rhoads took first in English setter pups, on a dog from Show Queen, owned by Dr. Sherman. The latter took first in the female class and also won best of breed. J. M. Underwood took second in the female class.

First ribbon on fox-hounds went to Cecil Storey, who also took best of breed. Charles Brown won first and second ribbons on male fox-hounds.

Barney Riley won the grand championship of the show on an imported Italian greyhound, said to be the fleetest footed dog in the world. He also won first and second on females and first on males, in this class. The imported female was pronounced by the judges of the show to be the most nearly perfect specimen of any breed he had ever seen.

Miss Bennie Works was awarded first and best of breed on a St. Bernard with no competition.

Married Tuesday Afternoon

Friends of Dalton Bowers and Miss Marie Skipworth were surprised to learn of their marriage which occurred Tuesday afternoon at 6 o'clock in the courthouse at Quanah. The ceremony was performed by the county judge of Hardeman county. The bride is a daughter of Mr. and Mrs. J. T. Skipworth and Mr. Bowers is the son of Mrs. H. D. Hockersmith, all of Vernon. Mr. and Mrs. Bowers are residing at the present with the bride's parents, but will go to housekeeping soon in East Vernon.

HOLSTEIN CATTLE BREEDER OPTIMISTIC OVER OUTLOOK

"Northwest Texas is slowly awakening to the merits of Holstein cattle," declared C. H. Randel, who resides in the west edge of the county, in the direction of Chillicothe, as he approvingly observed a big Holstein bull which he had entered in the stock show. His entry took first in its class.

"I don't pretend to be an expert on Holstein breeding," Mr. Randel stated, "but I became interested in this breed of cattle through correspondence with kinsmen in the North, and I bought this big fellow when he was five months old, shipping him here from Clairmont, N. H."

"I purchased a registered cow at the Fort Worth fat stock show, and have sold one calf. I started out to see how good the type is for this section, and I am not ready to quit raising them yet. I believe that in a few years they will be running Jerseys a close race here."

HARDEMAN COUNTY MAN BOOSTS BIG-BONED POLAND CHINA HOGS

J. H. Cook of Hardeman county, south of Chillicothe, who showed five big-boned Poland China pigs at the fair, has been raising this type of hogs for about a year. In February, 1922, he bought two sows from Bourland and Sharp. The sows have farrowed 13 pigs since. Mr. Cook is a strong believer in big-boned Poland China hogs. He asserted, that in his opinion, this is the best hog to raise because of the rapidity with which it develops and says that if properly cared for and of good breed, it will weigh from 175 to 225 pounds at six months old. This climate is very suitable in raising this type of hogs, he stated.

Ask Aid For Buckner's Orphan Home

The women of the Baptist church of Vernon are sending out an appeal for help for the children at Buckner's Orphan Home in Dallas, and the time for packing the box of articles donated will be announced later. For more definite information those interested are asked to telephone, Mrs. J. R. Allison or Mrs. J. O. Wright. They say:

"There never was a time in the history of Buckner's Orphan Home of Dallas when money, food and clothing for the orphans were needed as badly as now. Let everyone who loves the home and orphan children do their part. The following is a condensed list of some of their needs in clothing: Needs of our boys.—750 union suits, 575 pajamas, 500 pairs of trousers, 482 sweaters, 300 caps, 262 blouses, 325 pairs of overalls, 100 ties, 150 waists (for boys 6 and 7 years of age, with buttons for trousers), 60 suits (14 and 15 years), 60 shirts, 15 pairs, 150 pairs of stockings, sizes 9, 9 1-2, 10, 10 1-2 and 11.

"Needs of our girls.—703 dresses, 600 bloomers, 663 union suits, 160 panties 7, 8 and 9 years, 482 night gowns, 404 under skirts. Also sheets and pillow cases are needed. They do not need any quilts now.

"The greatest need are for the older

children. There are 120 dresses needed for girls of 14 years.

"Any outgrown clothing mentioned, in good condition, will be appreciated from the ages of 6 to 15 years.

"The home asks that we let them know at once what we will do, that they may avoid duplications."

O'NEAL ONLY MAN TO ENTER LITTLE-BONED POLAND CHINA

The only little-boned Poland China hog shown at the fair was entered by J. A. O'Neal, a stock raiser and farmer living two miles east of Fargo. Mr. Neal's entry was "Christine," an exceptionally fine registered sow.

"I don't know whether I will keep on raising the little-boned type of hogs or whether I will switch to the big-boned variety," Mr. O'Neal said last Saturday. "At present I only have two registered Poland Chinas, but I have a number of good grade stuff. I have

been reducing my stock of pure bred with the idea of changing over. I am planning to move to Doans soon to start a hog farm, and I think I shall try both types of Poland Chinas, to test for myself which one I like best."

TWO MEMBERS OF SERENADING PARTY NEAR FARGO ARE SHOT; BOTH MAY DIE

Alta Richardson and Bernard Richards Seriously Wounded as Crowd of Fifty Approaches Home of Newly Married Couple—Mystery Surrounds Affair—Man Put Under Bond.

Tragedy stalked in the wake of a serenading party in which 50 young people from Fargo took part last night, when pistol shots from the dark seriously and perhaps fatally wounded Alta Richardson and Bernard Richards, two members of the crowd.

Emmett Ketchersid, a member of the crowd which went to the young couple's home, was arrested shortly after noon today by Sheriff Ish on a charge of negligent homicide. He was released on \$1,000 bond.

The shooting took place at the farm of Frank Ketchersid, two miles east and a half mile south of Fargo. The crowd, made up of young people from Fargo and vicinity, had gone to the home of Mr. and Mrs. William Riggins, who were married last Saturday. Twenty girls, including Miss Maude and Miss Mamie Richardson, sisters of Alta Richardson, were in the party.

The crowd was beating tin pans and making the din and racket which usually accompany a party of this sort when the approached the house.

According to statements made today by several who were in the crowd, eight or ten persons had reached the house while the rest were approaching in a line of march, two or three abreast. A shotgun had been brought along and it was fired several times in the air.

Then came shots from a heavy calibre revolver. Alta Richardson staggered and clutched at her breast, according to Drew Cartwright, a member of the party, and the latter caught him in his arms. Bernard Richardson fell to the ground.

At first the crowd did not sense the tragedy. There was little excitement even after it was found out that the boys were shot, according to Mr. Cartwright and others.

Claude Gibbs, Charlie Mason, and Mr. Cartwright started to Vernon with the wounded youths, after they had been carried to the cars, which were parked some distance away. In the meantime, Chief of Police Jim Key had been notified, and asked to secure physicians. Sheriff Ish also received word of the affair and left to make an investigation. Constable Rube Bailey of Fargo had already arrived on the scene when Sheriff Ish came up, accompanied by Jim Cartwright, a deputy.

The shooting took place about 9 p. m. The two wounded youths were brought here shortly before midnight, and taken to the Moore Sanatorium, where Dr. M. J. and Dr. W. R. Moore performed operations.

Mr. Richardson was shot through the lungs and spleen, the bullet entering his side, while Mr. Richards was shot through the liver, lungs and abdomen, according to Dr. M. J. Moore. Little hope is held for the recovery of either. One bullet struck each one.

County officials who have made an investigation of the shooting expressed the belief this morning that the shooting was done by a member of the serenading party. The gun which is alleged to have been used in the possession of officers. Mr. Bailey, the constable, and others declared that they are convinced the shooting was purely accidental. They advanced the theory that only one shot was fired and that the bullet passed through the body of Mr. Richardson and entered the body of Mr. Richards. A bullet, apparently from a .44 calibre revolver, was removed from the back of Mr. Richards, Dr. Moore stated today. It was turned over to county officials.

Several eye-witnesses to the tragedy, while expressing the belief that the firing was done by a member of the serenading crowd, were emphatic in their declaration that three shots were fired.

All witnesses to the affair have been requested by county officials to be in Vernon today, for an investigation into the circumstances surrounding the shooting.

Alta Richardson is about 20 years old. He is the son of Mr. and Mrs. J. P. Richardson, and has been residing with his parents at their home between Fargo and Doans. He is well known in Vernon, where he was engaged in the dairy business last fall and winter. His brother, Jewell, 17, died following the shooting.

GIRLS WIN HONORS IN LIVESTOCK WORK

MISS DOBBINS AND MISS HALL
AWARDED FREE TRIP TO
DALLAS FAIR

That girls have entered the domain of men in the livestock industry as well as in other fields is evidenced by the fact that feminine contestants won two of the five free trips to the Dallas fair, offered to members of the pig clubs and baby beef clubs of the county.

Miss Lorell Dobbins of Oklaunion took first money on senior pig and Miss Laurence Hall of East Vernon was the prize winner in the baby beef club. These two girls will accompany the winners in the girls' clubs, who took first prizes in the first, second, third and fourth years work.

Thomas Chapman of Vernon won first on junior pig; Furman Priddy of Odell, first on corn and Raburn Cummins of Tolbert who took first on maize are the others entitled to free trips.

Miss Goodfellow also announces that she is entitled to take ten girls and that six more may qualify and go with her if they desire. These six however will be required to pay their own fare, but will receive free board and lodging while there, she says.

Expenses of one trip each were donated by the Herring National Bank, the Waggoner National Bank, the Farmers State Bank, the Wilbarger county purebred live stock association and the Wilbarger County Fair Association.

The pig clubs and baby beef clubs were organized by P. D. Chaney, county agricultural agent.

Noted Rebekah Here

Judge and Mrs. W. W. Carson of San Angelo were here on business this week. Mrs. Carson is a past president of the Rebekah assembly of Texas and a prominent worker for Rebekah-Oddfellowship. She has been a member of the advisory board at the Odd Fellows Widows and Orphans Home at Corsicana for the past eleven years and assisted in preparing the new constitution and by laws recently printed by the Assembly. She is head of the San Angelo business college at San Angelo and is an educator of note in Texas. Judge Carson is county judge of Irion county, and is a prominent ranchman of that section of West Texas.

Leave for Abilene

Mr. and Mrs. John Harrington and son, Oscar, who have been here on a visit with her sister, Mrs. H. A. Hood and other relatives, left Sunday for Abilene where they will attend the county fair.

Mr. Harrington had two horses entered for the races here and has shipped these horses to Abilene and will race them there. Mr. and Mrs. Harrington were former residents of this county thirty years ago.

BOYS' CLUBS ENTER FINE FARM DISPLAY

EXHIBITS RANK WITH BEST OF
AGRICULTURAL PRODUCTS
AT FAIR.

Members of the Wilbarger county boys' agricultural club will make their elders look to their laurels in a few years' time, if exhibits at the county fair can be taken as a guide. The club boys' display in the agricultural booth ranked with the best of the county entries. The work of the club is directed by P. D. Chaney, county agricultural agent.

The following prizes were awarded: Corn: first prize, \$3, Furman Priddy of Odell; second prize, \$2, Carl Cummins, Tolbert; third prize, \$1, Newman Hughes, Tolbert.

Maize: first prize, \$5, Raburn Cummins, Tolbert; second prize, \$3, Furman Priddy, Odell.

Cotton: first prize, \$3, Derwin Hurt, Vernon; second prize, \$2, Calvin Littleton, Vernon; third prize, \$1, Oran Capeheart, Vernon.

WILBARGER COUNTY PRODUCTS ENTERED AT TWO BIG FAIRS

Field Crops, Live-Stock,
Fruits And Canned
Vegetables to Be Shown
at Wichita and Dallas.

The Wilbarger county fair exhibit for the Texas-Oklahoma fair, September 3 to October 4, will be started for Wichita Falls Thursday morning by truck.

This exhibit is under the joint auspices of the Chamber of Commerce, the county agents and the president of the Wilbarger county fair. It was thought at one time that on account of the drought Wilbarger county would make a poor display at the fair in Wichita Falls. However, the display made by the farm products at the exhibition here was so satisfactory to all concerned that J. V. Townsend, chamber of commerce secretary, P. D. Chaney, county agent, Miss Eula Goodfellow, home demonstration agent, and Lon Byars, president of the fair association, went to work in earnest to secure a comprehensive display for the bi-state fair.

The exhibit will closely resemble the community booths at the recent fair, with the exception that no textiles will be shown. The articles will consist of field crops, cash crops, raw garden truck, both fruits and vegetables, a variety of dried and canned vegetables and fruits, and live stock products, including eggs, butter, cheese and lard.

After this fair closes a special train will be made up at Wichita Falls Thursday of next week and will go through to the state fair grounds in one night. Special permission has been received from the state fair authorities to enter the exhibits even though they are late.

It is necessary for Miss Goodfellow to prepare two exhibits pertaining to the girls' club work in this county, because one shipment must be there by October 3 for the girls competing for the state prizes and scholarships. This shipment went forward yesterday.

GINS HANDLE MORE THAN 6,000 BALES

MOVEMENT OF COTTON DURING
WEEK EXCEEDS
EXPECTATIONS

Wilbarger county has ginned 6,282 bales of cotton this season, according to a report compiled by the Record this afternoon. Of this amount, Vernon gins have turned out 3,379 bales and gins at other places 2,907.

Figures for the Vernon gins follow: Peoples 847, Farmers and Merchants, 271, Farmers, 658, Planters 833, Vernon, 770.

Gins at other towns reported the following output: Harrold, 395; Odell, 1,085 from two gins; Fargo, 546; Lockett, 625; Oklaunion, 300; Tolbert, 152.

Movement of cotton to the gins has been faster during the last week than was anticipated. The picking shortage is not so acute as it was, but pickers still are badly needed in a number of localities, according to gin men.

BETTER BUILDINGS NEEDED FOR FAIR OFFICIALS STATE

Lon Byars, R. H. Coffee and Mayor Harry Mason Praise Exposition; Fine Order Maintained.

Officers of the Wilbarger County Fair association and citizens of Vernon are enthusiastic over the showing made at the tenth annual fair and live stock show last week.

"Taking into account the dry weather which has prevailed over this section of Texas, I think the fair was a wonderful success," declared Lon Byars, president of the association. "The entries in the community and individual farm products booths were better and more extensive than ever before, and the livestock exhibits reflected the wonderful growth which the industry has made the last year. It is a significant fact that a number of the prize winners at this year's stock show are new men in the blooded livestock business."

"The one great need of the fair is better facilities. If room had been available, we would have had two or three times as many entries."

"I am convinced that we will go ahead and provide a first class exhibition building before next year, and turn our present exhibition building over to the livestock department, we will get increased support enough to justify the expense of the undertaking."

"The importance of the fair to Wilbarger county is more fully realized each year. I heard many people say this week that many of the exhibits would do credit to a district or even a state fair, and I heartily believe this to be true."

R. H. Coffee, manager of the fair, expressed gratification at the success of the enterprise. "We need a new exhibition building for next year," he declared. "If a way can be found to finance such a building, I feel certain that it would soon pay for itself in increased patronage. The fact that we had such a fine fair this year, with many difficulties in the way, is proof that in normal times we could attract visitors and exhibitors from a large part of Northwest Texas."

Mayor Harry Mason declared Sunday night that in many respects the fair was the best ever held here. "I believe that a little closer cooperation and support from the townspeople would be a great aid, however," he stated. "Some of the business men here do not seem to realize the importance of the project to Wilbarger county, and they should be awakened to the need of the most generous support possible."

Frank Edmondson, democratic nominee for sheriff, who was deputized by Sheriff Ish to keep order at the fair grounds, stated Sunday that the fair passed off with no disturbance worthy of note. "Everyone seemed to take a real interest," he said, "and I heard many expressions of praise at the fine showing made. I never saw a more orderly crowd."

JOHN DEERE LISTER GIVEN TO FARMER

VERNON FIRM CONFIDENT NEW
MODEL WILL ENJOY
WIDE SALES.

James A. Webb, Wilbarger county farmer, will start the fall season with a brand new John Deere lister, given away Saturday afternoon by the Southwestern Implement company.

The John Deere lister formerly was one of the most popular sellers in its class, but about four years ago the company equipped its lister with a mould-board which proved ill adapted to Southwestern land. Farmers were quick to find this out and sales of the implement fell off sharply.

Now the company has a new model machine on the market, which, according to the Southwestern Implement company, is ideally suited to West Texas land. It is made especially to meet conditions in this part of the country. Sales of the new model have been brisk and the local dealers declare their confidence that it will more than regain the place held by the earlier model.

THREE LOCKETT GIRLS WIN FREE TRIP TO STATE FAIR AT DALLAS

Fourth Winner of Prizes Offered by Vernon Bankers Is From Harrold—Booth of Wilbarger County Girls at Fair Crowded—Many Admire Fine Sewing and Tempting Canned Fruits.

Fair Officials Extend Thanks to the Citizens For Generous Support

The fair officials wish to thank the people of Vernon and Wilbarger county for the splendid support and cooperation given them in the fair which closed Saturday. They especially want to thank those who brought live-stock and articles to be exhibited in the various departments and for the courtesy the merchants of Vernon extended by closing their places of business both days they were asked to do so by the fair officials.

LON BYARS, President,
Wilbarger Fair Association.

Lockett girls won three of the four free trips to the Dallas fair offered by Vernon banks for best club work during the year, it was announced Saturday. A Harrold girl won the fourth trip. Misses Lorena Wenzel, Nora Belle Lockett and Cleo Anderson of Lockett and Miss Cash Burgess of Harrold were the fortunate ones.

As usual, the booth of the club girls of Wilbarger county was one of the most interesting places on the grounds. Crowds thronged the booth and gazed at the tempting canned fruits and vegetables and admired the fine sewing.

Ice-cold buttermilk, fresh from the churn, was sold by the girls one afternoon during the fair, to help defray expenses of the exhibit. At least one girl was present at all times to explain the work done by the girls' clubs, under the direction of Miss Eula Goodfellow, county home demonstration agent.

The following won prizes:

MINISTER SPEAKS ON "FIVE KINGDOMS"

CONSCIENCE NOT ALWAYS SAFE
GUIDE REV. KOPP SAYS;
NEEDS EDUCATION.

Rev. Lewis P. Kopp, minister of the Central Christian church, Sunday night preached an inspiring sermon taking as his text the third chapter and fifth verse of John.

The theme of Rev. Kopp's address was "Five Kingdoms." He used a chart to illustrate his sermon. He asked members of the congregation to form the habit of taking notes at church so that they might get more good from the things which were said. In this connection he quoted a lecturer for the United States Department of Agriculture, whose observations over a long period of public speaking led him to form the belief that not more than three to seven per cent of a public address is assimilated and put into practical use by the auditors.

A child born into the world, Rev. Kopp declared, enters the kingdom of nature. It is as pure and free from sin as the angels of Heaven, he asserted, and there is no condemnation resting over it, neither is any religious ceremony necessary for it to be saved. Rev. Kopp quoted a text from Jeremiah to the effect that every man shall die for his own sins. The transgression of Adam resulted only in physical death being brought into the world, and not in the curse of sin being fastened upon the child before it reached the age of accountability, he said.

As soon as this age is reached, the child enters the kingdom of sin, Rev. Kopp continued. This may be at the age of seven years or possibly not until the age of 15 or 16 years. Under the old Hebrew law a child was held responsible for his personal conduct at about 12 years of age, he pointed out.

Under the New Testament dispensation he is accountable as soon as he commits sin. Rev. Kopp defined sin as transgression or disobedience. "He than knoweth to do good and doeth it not, to him it is sin," the minister said. Unless the sinner accepts God's plan of salvation the only egress from the kingdom of sin is into the kingdom of Hell.

Rev. Kopp stated that before long he expects to preach a sermon on the Bible's teachings with regard to Hell. Christ introduced the idea of Hell as a punishment for sin, it was declared.

Speaking of conscience as a guide to human conduct, Rev. Kopp declared that unless we continually educate conscience, it is not a safe counselor.

To escape from the kingdom of sin a man must believe on Christ, not merely in the abstract but with saving faith, confidence and surrender. Rev. Kopp said. Repentance is necessary to salvation, he declared, but salvation does not of necessity imply any marvellous spiritual exaltation or experience. Repentance he defined as a change of will, mind and purpose, and a surrender to God.

A public confession of faith should follow this surrender, the minister stated, and after this, the beautiful ordinance of baptism. Rev. Kopp spoke at length on the symbolism and grandeur of the baptismal ceremony.

It is possible for a person, after having entered the kingdom of God on earth to drift down to Hell, it was declared. "Those who do not grow

and develop spiritually are lost." From the kingdom of heaven on earth, the devout soul enters the kingdom of Heaven, Rev. Kopp continued. He closed his address with a description of the faith which robs death of its terror.

IN SOCIETY

LITTLE MISS MURCHISON
TO PLAY AT FAIR

Little Miss Frances Murchison, daughter of Mr. and Mrs. Frank Murchison, has been invited to appear on the program Saturday at the Texas Oklahoma fair at 3 o'clock. The little Miss is a talented pianist and for one so young displays a wonderful knowledge of music. This day at the fair is known as children's day and the children of Wichita Falls and vicinity will appear that day on the program.

Miss Theban Honored with Shower

The Fidelis and Dorcas classes of the Baptist church, taught by W. N. Stokes and Mrs. A. T. Stanford, surprised Miss Ruth Theban, also a teacher in the Sunday school with a miscellaneous shower Friday night at the home of Mrs. Stanford.

The guests played several games and then at a suggestion from the hostess blindfold was started. When Miss Theban removed her blindfold she was met by Misses Natha Bowers and Clara Dones, who presented the gifts. Miss Theban responded with a gracious little speech. The shower was in charge of the two Sunday school classes, but old and young alike in the Baptist church gave gifts.

Miss Theban will leave soon for Bolton-Baylor college, where she will enter school. A handsome travelling bag, a purse of money and other beautiful gifts were presented. Punch was served to the guests.

SCHOOL PUPILS OFFERED FREE TICKETS TO WICHITA FAIR

Three thousand free tickets to the Texas-Oklahoma fair have been received by County Superintendent L. A. Hollar, for distribution to school children of Wilbarger county. It was announced today. Trustees of schools may receive supplies of tickets for their schools by calling at Mr. Hollar's office. The tickets entitle the holder to admission next Saturday only.

A large number of Wilbarger county people are expected to attend the fair, which is the first bi-state exhibition ever held in this part of Texas. It is hoped that many school pupils will take advantage of the free tickets to attend. Many things of educational value will be shown.

HOME-MADE RADIO PICKS UP STATIONS OVER WIDE AREA

Listening to a Los Angeles telephone patron talk to a friend in the Catalina Islands over a telephone, radio and telephone again, was the experience of visitors at the home of J. A. Baird Sunday night. The conversation was heard over a home-made receiving outfit constructed by R. L. Waide of Walters, Okla. Three stages of amplification were used.

Mr. Waide and his wife, Mr. Baird's sister, Miss Lulu Baird of Prescott, Ariz., and three guests of Miss Lulu Baird, a teacher of Odell, were present. The Odell visitors were Miss Grace Price, Miss Mudge Bupp and Miss Lamoine Switzer. They spent Saturday and Sunday at the Baird home.

Mr. Waide set up his receiving outfit in 30 minutes time, using an antenna tied to the roof of the Baird home and to a near by cottonwood tree. Saturday and Sunday concerts and sermons were heard from Oklahoma City, Fort Worth, Atlanta, Ga., Anthony, Kan., Philadelphia, Los Angeles, and other places. Sunday afternoon the baseball game between Fort Worth and Mobile, sent out by the Fort Worth Star-Telegram, was received clearly, inning by inning and play by play.

Rally Day! Methodist church Sunday, October 1. Everybody come and bring a friend. 1c.

To Pack Box for Orphans Home

Members of the Baptist church announced that a box will be packed Monday afternoon at the Baptist church to be sent to Buckner's Orphans Home and to send the things donated for this box there. If anyone finds it impossible to send these things in please telephone Mrs. J. O. Rouse or their division leader.

Will Address Bible Institute

Modes of the Moment in New Fall Apparel

Feature Values That
Are Noteworthy

Now chilly days herald the approach of Winter. Are you prepared with new warm Apparel? The most varied selection of seasonable new Apparel is here at the Store. It emphasizes quality, excep- tional value and decided style attraction. Prices are unusually low for garments of such signal worth

SUITS

A Versatile Selection
Assures Becomingness

Never before have we had so many attractive Suits in such varied styles as we have this sea- son. They absolutely assure be- comingness. Sports and street modes in mannish mixtures, herringbones and fine twills ac- centuate a wide style range and splendid tailoring.

\$19.75 to \$34.75

Graceful Suits for dress wear combine beautiful pile fabrics with luxurious furs in Genoese, black, Sorrento and new brown and gray shades. These Suits, too, stress variety.

\$39.75 to \$59.75

FROCKS

Never Have They Been
So Attractively "Different"

Frocks! Really they are highlights in the Ready-to-Wear Section. You will notice styles that are far removed from the commonplace and so grace- ful you will instantly know they include several that will prove more becoming than any you've ever worn. Each one is an exceptionally good value.

\$10.00 to \$69.75

Russian styles are especially attractive in supple Canton Satin, or "blistered" silks. The low-boused bodice and draped skirt that fastens at the side and effective Russian embroidery are all characteristically Russian.

Braid, in many chic ways helps make many cloth Frocks the success they are. While the low bloused styles are well represented, braid smartly trims some in basque styles with semi-circular skirts.

Since Paris has vied head trimmings, many fash- ionable Frocks are headed. The cabochon motif achieved via the head route is seen on many. Crystal or steel beads—yes, even aluminum beads—are popular mem- bers of this popular trimming family.

GRACEFUL WRAPS

Have Quality and Distinction

INTERPRETING the best of Fall Wrap styles yet adhering to a very modest price range con- sidering the high quality of the garments, Wraps here present one of the finest selections we have ever had. Fabrics of definite quality and beauty are linked with charming new colors and luxurious furs.

Topcoats

With Swagger Lines That Flare

Of dominant style are Topcoats of English blanket cloth, camels hair of swagger mixtures. Many models are without belts with the new flared back. Raccoon or fox fur collars some smart Coats of high grade camels hair.

\$10.00 to \$24.75

Fur Trims

Beautiful Wraps of Pile Fabrics

The low-boused Russian style with large, grace- ful sleeves, side closing and fur luxuriously used for collars, cuffs or decorative bandings is a distinct wrap favorite. It is only one of the new stylish Wraps here.

\$19.75 to \$59.75

The furs that trim new Wraps are noteworthy. Caracul in black or beige, beautiful luscious fox pelts, shaggy wolf—and squirrel or mole with new clever trimming methods—these are dis- tinct assets on Wraps.

Novelty Suits whose coats are of contrast fabrics—maitelasse is one that is ultra chic—are a recent suit whimsy. These Jaquettes are gracefully trimmed in fur. We especially urge you to see novelty Suits here.

EDITORIAL

—HOME LOYALTY—

BOOSTING A TOWN IS BIG BUSINESS WE CAN ALL ENGAGE IN. And what makes it a particularly happy pastime is due to the fact you are identified with a bunch of "Good Fellows" when you work with the Boosters of a community.

Before going further we want you folks to stop and read the list of Vernon Business Men and Women whose names are appended herewith. You will be impressed with the fact that these people are REAL BOOSTERS OF VERNON in every sense of the word. And there are many more just like them, both in the business and citizen life of this city.

You will also agree with us, friends, that these Business Firms, and in fact all the business people of Vernon are not only good Boosters but dependable servants of our purchasing public who are anxious and ready to serve you with merchandise and service at prices and involving quality they can afford to stand back of. THAT WILL MAKE THEM REALLY WORTHY OF YOUR PATRONAGE AS NEIGHBOR WITH NEIGHBOR.

But back to Boosting. The thought occurs to us that YOU CAN'T SAW WOOD WITH A HAMMER. The particular "hammer" we are referring to is the one used when a person spends money away from his own community for purchases THAT CAN BE MADE AS SATISFACTORILY AT HOME. It is the same hammer that has beaten into insensibility the towering hopes of many hustling American towns that would have otherwise made cities worthy the name.

In other words, however small the habit of some Vernon citizens may be in spending their money away from our city. TO JUST THAT EXTENT ARE THEY OBSTRUCTING THE PATH to the big, wonderful goal we have elected for ourselves.

It is not the intention of the Vernon Business Men to dictate to you good people in this matter. They are more than appreciative of your fine patronage of the past and their anticipation of the future is only inspired by their eager desire to make possible a Great Forward Movement for Vernon and Vernon property owners and citizens.

AND THE FOUNDATION FOR THIS RESULT MUST BE A FINANCIAL FOUNDATION that calls for keeping every cent of these resources within ourselves to be re-invested and re-spent to the advantage and profit of we Vernon folks.

This kind of HOME LOYALTY means good times for Vernon; EMPLOYMENT for those who need it and PROSPERITY for all.

THE HEATWELL is a double-tube hot-draft stove of exceptional heating properties. It gets most out of the coal—produces heat in greater volume than its size and fuel consumption would indicate.

In the HEATWELL, there are two hot-draft tubes—one on each side—to admit the air. There is no obstruction at all to the coal put in through the feed-opening. When the fire has been started, and the tubes are opened, there is tremendous combustion at the top of the fire-pot, which is large, while the grate-surface is comparatively small.

EFFICIENT TYPES OF LIVESTOCK

From the interest taken in the blooded livestock industry, the large number of recruits yearly joining the ranks of expert breeders, and the remarkably fine showing made at the Wilbarger county fair and at exhibitions in neighboring counties, it is evident that this section of the state is destined soon to become one of the largest centers of fine cattle, hogs, and poultry in the Southwest.

In the swine industry, breeders have turned to the big-boned Poland China type as the one ideally suited to this section. Some of the results accomplished with big-boned Poland China hogs excite wonder, even from veteran livestock men.

Nor does it take years of study and experience to produce results. Take, for instance, the accomplishment of Miss Lorell Dobbins, of Oklamoon, last November she bought a Poland China sow pig, of the big-boned type, from Bourland & Sharp, at a cost of \$25. The pig weighed 42 pounds at that time. Under her care it has grown until at the Wilbarger county fair, where it won grand championship and first ribbon in the senior sow pig division. It weighed 425 pounds. This represented a gain of a pound and three-quarters a day from the time Miss Dobbins purchased it last year. The expense of feeding the pig during the entire 10 months Miss Dobbins has owned it has been \$43.60. Its value today is set at more than \$150.

Marvin Sharp, who with Andy Bourland has been one of the foremost breeders of fine hogs in this section of Texas, stated last week that a hog is nothing more or less than a factory to produce meat. In the old razor-back type, he stated, this factory was not efficient. It burned large quantities of fuel and failed to produce results. Its operating expense destroyed its profit.

In hogs such as the big-boned Poland China, the maximum of efficiency has been obtained, in the shortest possible space of time. It is not uncommon for Wilbarger county swine breeders to put their product over the 225 pound mark at the age of six months—a result which would have been considered impossible not many years ago.

Every swine breeder who sent exhibits to the Wilbarger county fair was enthusiastic over the future of the industry here. The same thing is true of breeders of registered poultry, cattle and other livestock. The time appears not far distant when a majority of the stock raisers in this county will be handling high grade stuff, reaping the increased profits which come from more efficient types of animals.

CHILDREN AND PROGRESS

Opening of schools over the county recalls to the busy man or woman the fact that there are schools, and that after all, education is one of the important things of the world.

In an increasingly complex civilization, larger demands are made annually on the brain power of the child. This year, youngsters at school will bring to their tasks the education gained during the vacation season, and this education will aid and be aided by the text books and the instructions of teachers.

"Children are so smart nowadays," remarked a Vernon woman recently. "Little fellows, three or four years old surprise one by the things they have learned."

This is true. Children of tender

years know many things which adults of a half a century ago did not know. The child assimilates at least the fundamentals of a thousand examples of invention, of a hundred principals of science, in the school of the out-of-doors. By the time he is eight or ten years old, the average boy has a good idea of the workings of the automobile, the telephone, the locomotive engine, the typewriter, and the countless articles and commodities and machinery and our daily life. Space and time have been reduced in his consciousness to limits which it is difficult for the aged to grasp. Sitting at his home-made radio, in a night's time he may listen to sermon, concert or news from points thousands of miles apart. Chicago is two seconds away. Montreal may be reached by a twirl of the tuner.

Inventions which excite wonder among the present generation will be common-places to the next generation. There will be nothing remarkable in radio, nothing strange in an airplane flight, nothing unusual in the many things which we of today are struggling to acustom ourselves to. The child, thrown in contact with these things from infancy, makes them a part of his fund of knowledge as readily as the frontier boy of a few years ago learned the use of the rifle and the lariat. And in this readiness of assimilation lies our hope of continued progress.

A. H. Murchison Injured

A. H. Murchison is recovering from injuries sustained when he was run over by a touring car Sunday afternoon about five o'clock on the paved road about a mile east of Vernon. Mr. Murchison had alighted from his car to pick some flowers growing by the

roadside and was faced toward Vernon when a Ford car came along at a rapid rate and he was struck on the right leg and bruised up considerably. In falling his left foot was sprained also. He was brought to town and is able to be out again. The owner of the Ford did not stop.

Mrs. Killough Entertains

Mrs. R. D. L. Killough entertained with two delightful parties last week at her home on South Main street. Thursday afternoon guests were invited to play bridge and 14 tables were played. Friday afternoon those who enjoyed forty-two came and 14 tables of that game were played. The house was beautifully decorated in cut flowers and asters were given as favors. The hostess, assisted by her house party, served dainty two course luncheons each day.

ANNEX TO DOUBLE CAPACITY OF STANDIFER SANITARIUM

Dr. J. T. Standifer is having an annex built to his sanitarium in the east part of the city which, when completed, will double the capacity of the building. The work is well under way and it is thought the new part will be ready for occupancy by December 1. The annex is 72 feet by 90 feet and is being constructed of brick and tiling. It will be finished in white, as is the main building.

CLINICS IN SCHOOLS PLANNED BY STATE

EXTENSIVE HEALTH CAMPAIGN MAPPED OUT FOR FALL AND WINTER TERMS.

Austin, Texas, Sept. 25.—Believing that every school child should be healthy and happy, the home economics extension division of the University of Texas has planned for this school session a series of nutrition clinics and classes to be conducted in the public schools of the state in correlation with the regular curriculum. Miss Elythe Hershey, lecturer in home economics, has outlined a program for one month's work, which she will administer in any community desiring it. Monthly programs for the continuation of the work will be provided for the school year.

"Approximately one-third of the Texas boys were found to be physically unfit for military service in 1917," said Miss Hershey, "and it is not difficult to believe when examination shows that one-third to one-half of our school children are under weight and suffering from malnutrition. The greatest menace to the health of children is malnutrition. The remedy is to be found in nutrition clinics. To prevent the evil, nutritional education should be put in the schools."

Many Agencies to Cooperate

The nutrition clinics and classes to be conducted by Miss Hershey in every community will be in cooperation with the school superintendents, public health nurses, grade teachers, doctors, school boards, representatives from the parent-teacher associations, county home demonstration agents, and other local interested agencies, as well as home economics teachers. The nutritional education will be correlated with other health work in the school, and it is thought will be a means of stimulating interest and furthering the work of the home economics department.

As a part of the program, a nutrition clinic will be conducted for the children who are seven per cent or more under weight. Through this clinic, the cause of underweight will be determined and every effort will be made to bring each child to normal weight, according to his height. Personal conferences will be held with the mothers of the children.

Nutrition classes will include four lessons on "Correct Food Habits and Health" to be given in the grades for the children. A series of four lectures with demonstrations will be given for mothers on "Food for the Child." A series of four lectures on "Teaching Food Habits and Health" will be given to teachers. Programs for the continuation of the work during the school year will be provided. The only cost to the community receiving these services will be the payment of the local expenses of the nutrition specialist for the month she is in the community.

FOUR FIRMS SHOW NEW MODEL CARS

Four Vernon firms exhibited automobiles and accessories at the county fair. The "auto show" was held in a tent near the carnival grounds.

J. A. McFall showed a new model Dodge Bros. touring car, and also had a display of Amalie oils and greases and United States tires.

Crests and Crests had on exhibition two Buick touring cars, Series R. Robinson Motor company showed a Buick six touring car and a Buick sport roadster.

Napier Bros. Motor company had on display a Ford truck.

Descriptive literature was given away at the tent and representatives of the four companies were in attendance to explain the merits of their cars and products. The exhibits drew many visitors.

VERNON HIGH FOOTBALL TEAM TO PLAY CHILLICOTHE FRIDAY

Vernon Hi football team of 1922 will make its initial appearance Friday at 3:30 at the ball park when it lines up against Chillicothe for the first game of the season. The change in date was made at the request of Vernon merchants, who said it would be impossible to leave their places of business for the games on Saturday, during the busy season.

Tickets will be sold by a committee from the high school and students will be admitted at half price. The boys are practicing steadily for the final tryout, but the line-up has not been announced for Friday's game.

The following are trying for places on the team:

Ferguson, Rogers, Lisman, Teel, Cooper, Langley, Key, Thompson, Robinson, Bowman, Zachary, Crawford, Steinman, Streit, Reed, Key, R. Ferguson, L. Huddleston, Norwood, Robinson, Buchanan, Blake, Falls, Shive, Hollar, Williams, Abbott, Watts, Withers, Bourland, Bourland, H. Smith Walker, Justin.

WORLD'S FASTEST DOG SEEN AT FAIR

TWENTY ENTRIES IN KENNEL SHOW; DEPARTMENT TO BE ENLARGED

This year for the first time, pedigreed dogs formed a part of the live stock exhibits at the fair. Twenty dogs, all from Vernon, were entered at the show, and the kennels drew many visitors. Dr. J. G. Sherman, dentist and hunting enthusiast, was in charge.

"No entry fee was charged this year, and no prize money given," Sherman. The latter took first in the "But there is no doubt that the dog show met a popular response and we expect to have more entries next year than we had this year."

W. P. Durham was awarded first ribbon on a female pit bulldog, and also best of breed. He had no competition. First award on Alredale dog went to Leil Buchanan. W. M. Schneider took first on female in this class and best of breed. A. J. Paschall won the blue ribbon and best of breed on a female spitz, with no competition, and also won first and best of breed on fox terriers. Mrs. Regina Green received blue ribbons and best of breed awards on collies with no competition. C. M. Oliver received like awards on Irish setters. Emory Rhoads took first in English setter pups, on a dog from Show Queen, owned by Dr. Sherman. The latter took first in the female class and also won best of breed. J. M. Underwood took second in the female class.

First ribbon on fox-hounds went to Cecil Storey, who also took best of breed. Charles Brown won first and second ribbons on male fox-hounds.

Barney Riley won the grand championship of the show on an imported Italian greyhound, said to be the fleetest footed dog in the world. He also won first and second on females and first on males, in this class. The imported female was pronounced by the judge of the show to be the most nearly perfect specimen of any breed he had ever seen.

Miss Bennie Works was awarded first and best of breed on a St. Bernard with no competition.

HARDEMAN COUNTY MAN BOOSTS BIG-BONED POLAND CHINA HOGS

J. H. Cook of Hardeman county, south of Chillicothe, who showed five big-boned Poland China pigs at the fair, has been raising this type of hogs for about a year. In February, 1922, he bought two sows from Bourland and Sharp. The sows have farrowed 13 pigs since. Mr. Cook is a strong believer in big boned Poland China hogs. He asserted, that in his opinion, this is the best hog to raise because of the rapidity with which it develops and says that if properly cared for and of good breed, it will weigh from 175 to 225 pounds at six months old. This climate is very suitable to raising this type of hogs, he stated.

HOLSTEIN CATTLE BREEDER OPTIMISTIC OVER OUTLOOK

"Northwest Texas is slowly awakening to the merits of Holstein cattle," declared C. H. Randel, who resides in the west edge of the county, in the direction of Chillicothe, as he approvingly observed a big Holstein bull which he had entered in the stock show. His entry took first in its class.

"I don't pretend to be an expert on Holstein breeding," Mr. Randel stated, "but I became interested in this breed of cattle through correspondence with kinsmen in the North, and I bought this big fellow when he was five months old, shopping him here from Clairmont, N. H."

"I purchased a registered cow at the Fort Worth fat stock show, and have sold one calf. I started out to see how good the type is for this section, and I am not ready to quit raising them yet. I believe that in a few years they will be running Jerseys a close race here."

children. There are 120 dresses needed for girls of 14 years.

"Any outgrown clothing mentioned, in good condition, will be appreciated from the ages of 6 to 15 years.

"The home asks that we let them know at once what we will do, that they may avoid duplications."

O'NEAL ONLY MAN TO ENTER LITTLE-BONED POLAND CHINA

The only little-boned Poland China hog shown at the fair was entered by J. A. O'Neal, a stock raised and farmer living two miles east of Fargo. Mr. Neal's entry was "Christine," an exceptionally fine registered sow.

"I don't know whether I will keep on raising the little-boned type of hogs or whether I will switch to the big-boned variety," Mr. O'Neal said last Saturday. "At present I only have two registered Poland Chinas, but I have a number of good grade stuff, I have
